

This map has all current Greenways.

On the back of this brochure there are pictures of the entrances to the greenways with their corresponding numbers.

Remember a Greenway is for human powered vehicles, no cars or motor bikes.

Bywong-Wamboin Greenways

Greenway Code of Conduct

The Greenways Management Committee oversees the good management of the corridors, in cooperation with the community and user groups for the benefit of the conservation of nature and use by the community.

To help us maintain them in good condition as a community resource for the use and enjoyment of all, the following rules apply:

- No motorised vehicles,**
- All noise to be kept to a minimum,
- All users must respect private property and the adjacent residents' privacy,
- The carriage of firearms or other weapons and hunting activities are not permitted,
- All rubbish to be removed,
- All gates should be left as found,
- No neighbouring residents are to fence, obstruct, plant on or otherwise interfere with the Greenways,
- Dogs should be under control at all times,
- No camping,
- No lighting of fires,
- Remain on the defined track,
- No collection of natural or archaeological items, and
- All users are encouraged to report issues or problems to the management committee.

The Committee may place restrictions on the use of any or all of the Greenways if degradation occurs or is likely to occur due to prevailing conditions of environmental concerns.

****Note:** The use of unregistered motorised vehicles (especially trail bikes) may expose the riders of these vehicles to serious liability risk if an accident were to result.

These pictures and descriptions will help you find the access points for the Greenways. Most have signs and their descriptions are written in green, whereas access points without signs are written in black.

Text in Green = Greenway Sign

Text in Black = No Greenway Sign
